

INVITATION · FOUNDING HOSTS

Become an *Early-Bird Host*

Put your property on the map from the beginning.

Kama Properties is building a new way to discover and book stays across Africa. We're inviting a limited number of property owners, hosts and property managers to join us as **Early-Bird Hosts** before the platform opens more widely.

By joining early, you don't just list your property — **you become part of the foundation of the platform.**

Why join early?

Early hosts are not waiting for the marketplace to arrive. They are helping to build it — with visibility, recognition, and a direct relationship with the platform.

01 · VISIBILITY

Early visibility

Your property gets the opportunity to be among the **first listings** travelers discover as Kama Properties grows. Being early means less competition for attention in your destination.

02 · RECOGNITION

Early-Bird recognition

Your property can receive an **Early-Bird Host badge**, helping distinguish you from properties that join later. Show travelers that you were here from the beginning.

03 · ADVANTAGES

Early-Bird advantages

As an early host, you may receive preferential benefits as the platform develops, including:

- Early access to new host features
- Priority consideration for promotional campaigns
- Opportunities to participate in future platform initiatives
- Early access to new markets and services
- Special conditions reserved for founding hosts

04 · PROMOTION

Help us promote your property

As Kama Properties grows, selected properties may be featured through:

- Social media campaigns
- Destination guides
- Featured-property collections
- Marketing campaigns & editorial content
- Partner promotions

05 · PARTNERSHIP

Direct relationship with the platform

Early hosts aren't just users. **You help shape Kama Properties.** Your feedback can influence future features, host tools, booking systems and services.

What can you list?

Whether you manage an apartment, villa, house, hotel, guesthouse, lodge, cottage, studio, resort or vacation home — you can apply to become an Early-Bird Host.
