Hosts Console

# A guided tour of the host workspace

Home, reservations, stay calendar, listings, pricing, availability, and inbox are the tools hosts use to run stays day to day.

## Screens in this deck

- 01 Home dashboard
- 02 All reservations
- 03 Stay calendar
- 04 Reservation detail
- 05 Listings
- 06 Pricing
- 07 Availability calendar

08 Index

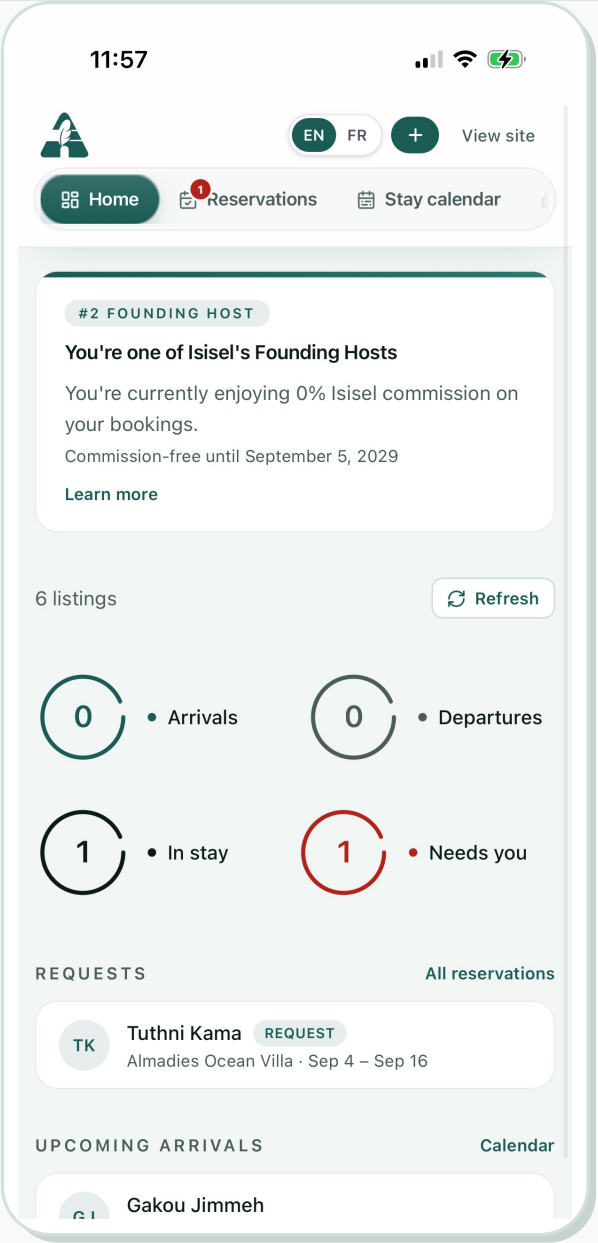

SCREEN 01

# Home dashboard

Day-of operations at a glance

What hosts see

- Founding Host status and commission-free period
- Live counts for arrivals, departures, in-stay, and needs-you
- Requests and upcoming arrivals surfaced for quick action

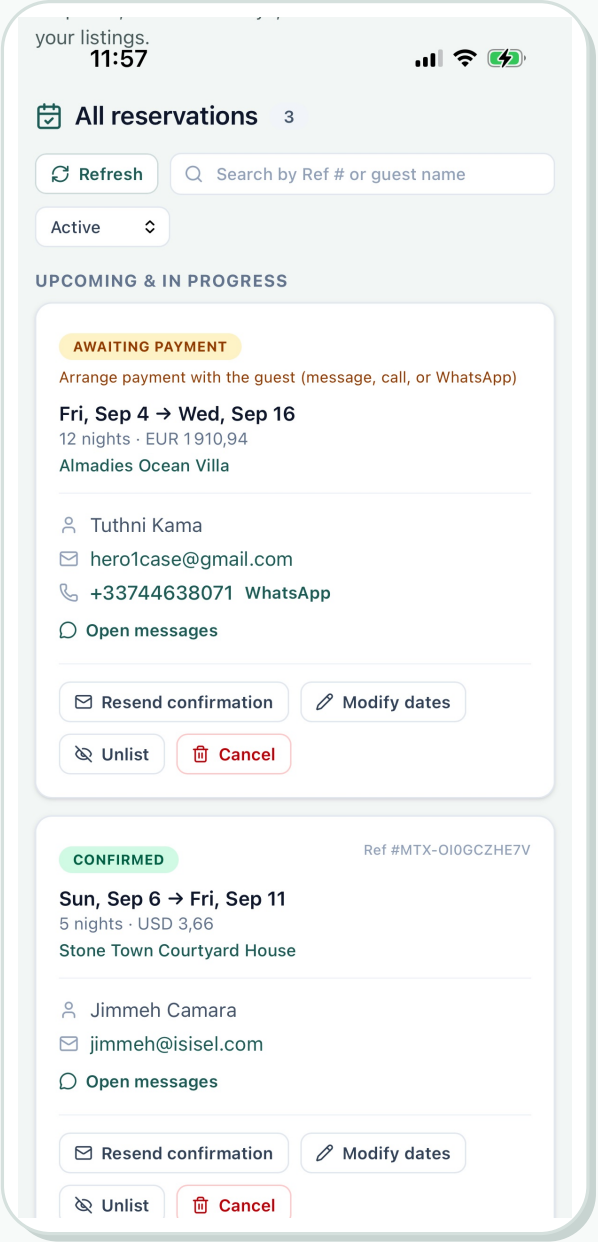

SCREEN 02

# All reservations

Manage every booking in one place

What hosts see
